To Whom It May Concern:

I came to Albuquerque, New Mexico from a different part of the country with a medical condition that someone taking a cigarette and burning your insides, urinating uncontrollable at times, having hands as well vomiting when doing to the bathroom and limbs constantly going to sleep while using them, and this all related to stress that is brought on by my family, and the military and more recent you folks who mentally incoherent, lazy people that I can imagine that ever think up in this world and I do mean it. You folks do not have one caring bone in your bodies except for few that do work for their monies but other than that you do not, those people are in mostly in primary care, except Dr. Fotieo , and Glenda, and the HUD-VASH Program, and Homeless Program in beginning.

It began back in May of 2014, with John Sutherland promising with a hotel voucher cause being homeless Veteran, which never came through, and which started growing worse than came down with. I had keep on struggling through the Summer of 2014, until I met up with a lady Stephanie Salzar at the Corando Park the 3rd Saturday of November of 2014 with her co-worker and told her at point and time that did not wanted to treated like a child, and they did exact opposite. On December, 12, 2014, I went to see Dr. Kinlock who is mentally retarded and does not deserve even in practice to me there is nothing wrong with me, and that is lye and half then some and I do mean it when I have three outside doctors have diagnosis me with this medical condition. In the following weeks in January of 2015, I was that mentally in coherent of lazy case manager named Terry Thayer cause love the blame people that all there fault the doctor and mentally insane and I do mean it, in beginning of January of 2015. By March of 2015, this lazy mentally retarded brat passed work load off to black lady name Adrian Stanley which on the 17th of March she reamed like a white slave and do mean it, and putting me down like no tomorrow and I do mean it, wondering what I am going to do if husband is not going to show up. I felt so painfully hurt, to point that was making my medical condition ever worse in the two days followed I went to congress woman's office to try straighten out mentally criminal in sane retarded folks. By April of 2015, or the time had a chance to call the VISN, the criminally in sane retard Stephanie Salzar had drop on my doorstep at 8:30 a.m. on the third Friday of April of 2015, and lying to

my face saying that she did not have phone number and told me that was not conforming to case management, leaving me threatening note taking away housing voucher on my door for the whole entire apartment complex to see, but yet I had her phone number, still being labeled little mentally retarded in sane child with mental illness. Week and half of this incident she sent me certified letter about the matter in May of 2015, and if floored me to bitter end. I finally turn the VISN by the end for help me to win a small battle, and but the director of hospital and his assistant director treated me still like a child and mentally and criminally in sane child, and saying that still have mental illness any one with what I have pain and suffering that I have be going driven medical condition that have, and some time effects the brain different ways cause of this pain and suffering, they are ones are screaming metal illness about themselves for they do not have judgment of character or met me to know the God's honest truth, with rich man's pay checks and still pounding salt in open wounds like little child who mentally retarded in sane children themselves. With battle won, and I had a new case manager in July 2015, name of Jason Ramos, until of September of 2015 they started treating me like white trash as labeling like criminally in sane child by telling me that they had other Vets to deal with and what am I chopped liver. So throw me another criminally in sane co-worker like have been doing to me name Michelle. She called on the Tuesday before Veteran's day in November 2015 in saying that she that she all day Thursday open, and that day came back treated me trash bringing another co-worker along, and told me that she had two hours and wanted to go Wal-mart and by Friday had cops on my doorstep cause screaming illness of herself for I told how I felt. Now with this being said about HUD-VASH, now I have new case manager again, named Marci embarrassed on December 31 at Wal-Mart store. I sick and tire of that HUD-VASH program, and has made medical do point drive me to over edge with my condition, cause of you folks created of making worse.

Not only that the medical side is given me hell of trouble for I tried be nice cause of Dr. Fertio has given me a gift on 14th of December of 2015 recognizing finally that I had medical issues, and but staff of Emmy and that head RN of his is mentally criminally in sane retard people and as secretaries for wrong, for I did not do anything wrong that was week leading up to Christmas and then some for what in calling the BEACON team? Cause I am hurting and pain, and do not want to care lazy rich man's attitudes, and can not tell it my face, and hurts to point of no bitter end, making condition worse instead of treating it and leaving pressure on a bad knee do to

a care two years ago. I have ask them for power chair or the repairs on one that have and they do not care, and I can get manual one for what? They no consideration what have do with daily activities including dealing with travelling how constant of bad health, and now you sending bills for what for suppose be rated 50% medical do not have pay medicines, and send a bill for what? What in hell have lazy mental incoherent rich man's pay check folks doing for all doing screaming illness cause you folks can not see what is written black and white stated medical records. What hell are you folks thinking, and you folks mentally criminally in sane folks no quick answers for especially with that power chair, and I do not monies afford anything and flat broke all the time. So help me God do not start listening to me, and I am telling you folks will have medical lawsuit against you, and few people have, and tell you folks look yourselves in mirror what have done to me. I tire of keep have explaining myself, and thinking switching hospitals.

Sincerely,

Mrs. Peter Hunt
